MEMORANDUM FOR: John W. Crimmins
Office of the Coordinator of Cuban Affairs (ARA)
Department of State

SUBJECT: Cuban Order for Telecommunications Cable

25X1

1. I would like to bring to your attention information concerning a contract between MAQUIMPORT, Havana, and the Trade Development Corporation, S. A., 24 rue de la Loi, Brussels, a subsidiary of Ateliers de Constructions Electriques de Charleroi, for the supply of telecommunications cable. The total value of this contract is \$317,190, of which approximately \$240,000 is for 38 kilometers of interurban telephone cable (102-gauge, 19 American Wire Gauge, lead-sheathed, jute-covered) that has a capacity of 300 telephone channels and can be laid directly into the ground without conduit. The remainder of the contract is for urban telephone cable. The contract was drawn up on 4 August 1964 and provided a schedule calling for the delivery of cable to commence three months after receipt of a letter of credit. Although the status of the letter of credit is unknown, if it had been received by the Trade Development Corporation by 1 September, delivery of the cable in question would have started in December 1964 and would be completed by March 1965.
